U.S. DISTRICT COURT, DISTRICT OF COLUMBIA

Dear Honorable Robert E. Herber Bankruptcy Judge
My name is Leon L. Bailey.

I invested in General Motors Corporation
because I like the company and Drive their cars
and trucks, have always own them 16 to 68 years old

I have 134 shares of their stock that I
held all this time hoping they would come out
of this someday, it is a Great Company! Just got
caught in bad times like all Great companies at this
time.

I can't afford to lose this money as I am Retired
and don't have a lot going for me.

I think General Motors needs to make good
for all stock holders that held their stock
all they way through this time.

They are making a profit now and paying
out big money to their C.E.O.'s and other things.

We are the little people that made the
Company Viable to Grow.

God know all of this, If they are making so much
profit they need to Give new stock to the people
that still hold their old stock or make Good
on the faith that stock holders had in our company
as I am a part of this company with my Money.

Sincerely Leon L. Bailey
